3. PDF eXpress Plus Online File Conversion/PDF Validation Tool

All papers submitted for publication must meet the IEEE standards. Access to PDF eXpress Plus site, the IEEE's online file conversion/PDF validation tool, will assist authors in preparing suitable electronic files of their final papers. PDF eXpress Plus helps authors convert their papers into IEEE Xplore-compatible PDF files (conversion function) or to check their own PDF files for IEEE Xplore compatibility (PDF validation function).

Important: After using PDF eXpress Plus, you will still need to submit the IEEE Xplorecompatible PDF file of your final paper later in this publication submission process (see STEP 6).

a) Proof read your source document thoroughly to confirm it requires no revision

b) PDF eXpress Plus:

Go to http://www.pdf-express.org/plus and follow the instructions.
Conference ID: **42383XP**

c) If you would like to create your own PDF file, please change the setting on your PDF distiller to insure your paper meets IEEE PDF specifications. Basic PDF distiller settings MUST be changed to:

o Optimized,
o Acrobat 5.0 compatibility,
o ALL graphics at least 300 dpi resolution (higher if preferred),
o ALL fonts MUST be embedded and subset,
o Postscript settings DO NOT override distiller settings

IMPORTANT: Authors must check their final PDF files before submission to verify that all fonts have been properly embedded and subset. Some font manufacturers now flag their fonts to not embed. These fonts must be avoided.

d) If you would like to submit your source file to PDF eXpress Plus for conversion and validation, PDF eXpress Plus converts the following file types to PDF:
o Postscript
o Microsoft Word
o Freelance
o PageMaker
o FrameMaker
o Word Pro
o WordPerfect
o QuarkXpress*
o Rich Text Format
o (La)TeX (DVI and all support files required)*

* For documents created in formats that do not embed source files, include all support files with the final manuscript in a compressed archive for submission. If it is possible to embed images in the source document, you should do so to avoid potential issues, such as missing graphics.

e) You will receive an email with your checked pdf or IEEE pdf eXpress-converted PDF attached. If you submitted a pdf for checking, the email will show if your file passed or failed. In case you submitted a pdf file that failed the check, please address the required issue and submit a new file for checking

F) First-time users should do the following:

 1. Select the New Users - Click Here link.

2. Enter the following:

- 42383XP for the Conference ID

- your email address

- a password

3. Continue to enter information as prompted.

An Online confirmation will be displayed and an email confirmation will be sent verifying

your account setup.

Previous users of PDF eXpress or IEEE PDF eXpress Plus need to follow the above steps, but should

enter the same password that was used for previous conferences. Verify that your contact information is

valid.

IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress Plus conversion or PDF checking may invalidate Xplore compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.

All PDFs to be included in IEEE Xplore (e.g. title page, copyright page, author index, etc.) should be validated through PDF eXpress for Xplore compatibility.

4. Renaming your PDF File for Submission

The certified acceptable file you receive from PDF eXpress will be given a filename in the form PID123456.pdf. You should rename this exact file to conform to the following naming convention: paperID.pdf.
