ENGINEERING COLLEGE

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

VISION

- To contribute to the society through excellence in scientific and knowledge-based education utilizing the potential of computer science and engineering with a deep passion for wisdom, culture and values.

MISSION

- To promote all-round growth of an individual by creating futuristic environment that fosters critical thinking, dynamism and innovation to transform them into globally competitive professionals.
- To undertake collaborative projects which offer opportunities for long-term interaction with academia and industry.
- To develop human potential to its fullest extent so that intellectually capable and optimistic leaders can emerge in a range of professions.

MESSAGE FROM MANAGER

VJEC

“Everybody should know how to programme a computer, because it teaches you how to think” says Steve Jobs. There are no areas of life untouched by the computer science engineering. Vimal Jyothi is contributing remarkably to making the world more livable.

At this juncture, I cannot but appreciate the efforts of Computer Science department for their unmatched hard work and contribution to society during the Covid-19 pandemic. The efforts of the department, in attracting many students to this ever-green engineering stream, is worth noting here. ‘Byte’ of course is a manifestation of the teamwork, creativity and skills of the students as well as the faculty. I sincerely congratulate everyone behind the scenes and wish all the best to the “Byte”.

MESSAGE FROM PRINCIPAL VJEC

I am glad to note that the Department of Computer Science and Engineering is bringing out a technical magazine in the academic year 2020 - 2021 with a perfect blend of articles on the latest trends in technology and its history and evolution

I take this opportunity to appreciate the entire team worked behind this project, especially the editors, designers and the article contributors. I am sure that this magazine will set a good precedence and benchmark for the coming batches to emulate and improvise. Once again congratulations for your efforts in this pandemic period and all the best for all your future endeavours.

MESSAGE FROM HOD CSE DEPT. VJEC

It is a proudful moment for the Department of Computer Science and Engineering that the Technical magazine, Byte is released.

Nowadays, different applications of Computer Science and its associated streams such as Artificial Intelligence and Data Science are being used worldwide in an enormous manner. Hopefully, a lot of research in allied fields and interdisciplinary areas are also taking place to make these applications more and more user friendly and beneficial to common people. Research in Natural Language Processing, Computational Biology etc. are paving paths to a well-balanced world.

Congratulations to Ms Tintu Devasia and other magazine committee members for the sincere effort they have put to actualize this group of knowledge bits. I wish all readers of Byte a nice technological walk-through and let Byte give a technical tasty bite to every reader

MESSAGE FROM STAFF EDITOR CSE Dept. VJEC

Byte is designed to present to its readers the technical know-how , and also showcases the talents of our faculty members and students.

With a sense of pride and satisfaction I would like to say that with the active support of the management, faculty and students, Byte has come alive . With all the efforts and contributions put in by the students, I truly hope that the pages that follow will make some interesting technical reading. I congratulate the editorial team for making Byte innovative and inspiring.
