ELECTRICAL GNOSYS

Department of Electrical and Electronics Engineering
Vimal Jyothi Engineering College, Chemperi

OCTOBER 2016

FROM HOD DESK

Greetings from HOD. Proper communication plays a vital role in the development of a department. This newsletter will serve to reinforce and allow increased awareness, improved interaction and integration among all of us. It would be a snapshot of the various activities and advancements of EEE department in the last two months.

With immense pleasure and joy I would like to congratulate the final year students who got placed so far in various companies during the placement drive coordinated by Dr. Justin Sunil Dhas, Prof. EEE Department. I take this opportunity to introduce the two day workshop on SOLAR PHOTO VOLTAIC SYSTEM DESIGN WORKSHOP (SOORYAGRAMAM PROJECT) jointly organizing by IEEE, SB VJEC in association with National Skill India Mission at VJEC campus. In addition to that we ,the EEE department has organized another national workshop on 'Current Trends in Smart Grid Management' in association with ABB on 5th October. I wish all the success to the workshops. May the Almighty showers his blessings upon Mr. Nikhil Valsan K., who has been here for last three and half years and moved on to Canada as a part of his career.

Laly James,

HOD EEE

VISION

To evolve as a center of excellence, to train students in contemporary technologies, to meet the needs of global industry and to develop them into skillful engineers instilled with human values and professional ethics

MISSION

To produce competent and disciplined Electrical & Electronics Engineers through delivery of quality education to meet the ongoing global challenges in alignment with technical education system and society.
