PITCH DECK BY :

ELECTRONICS AND COMMUNICATION DEPARTMENT PROUDLY PRESENTS

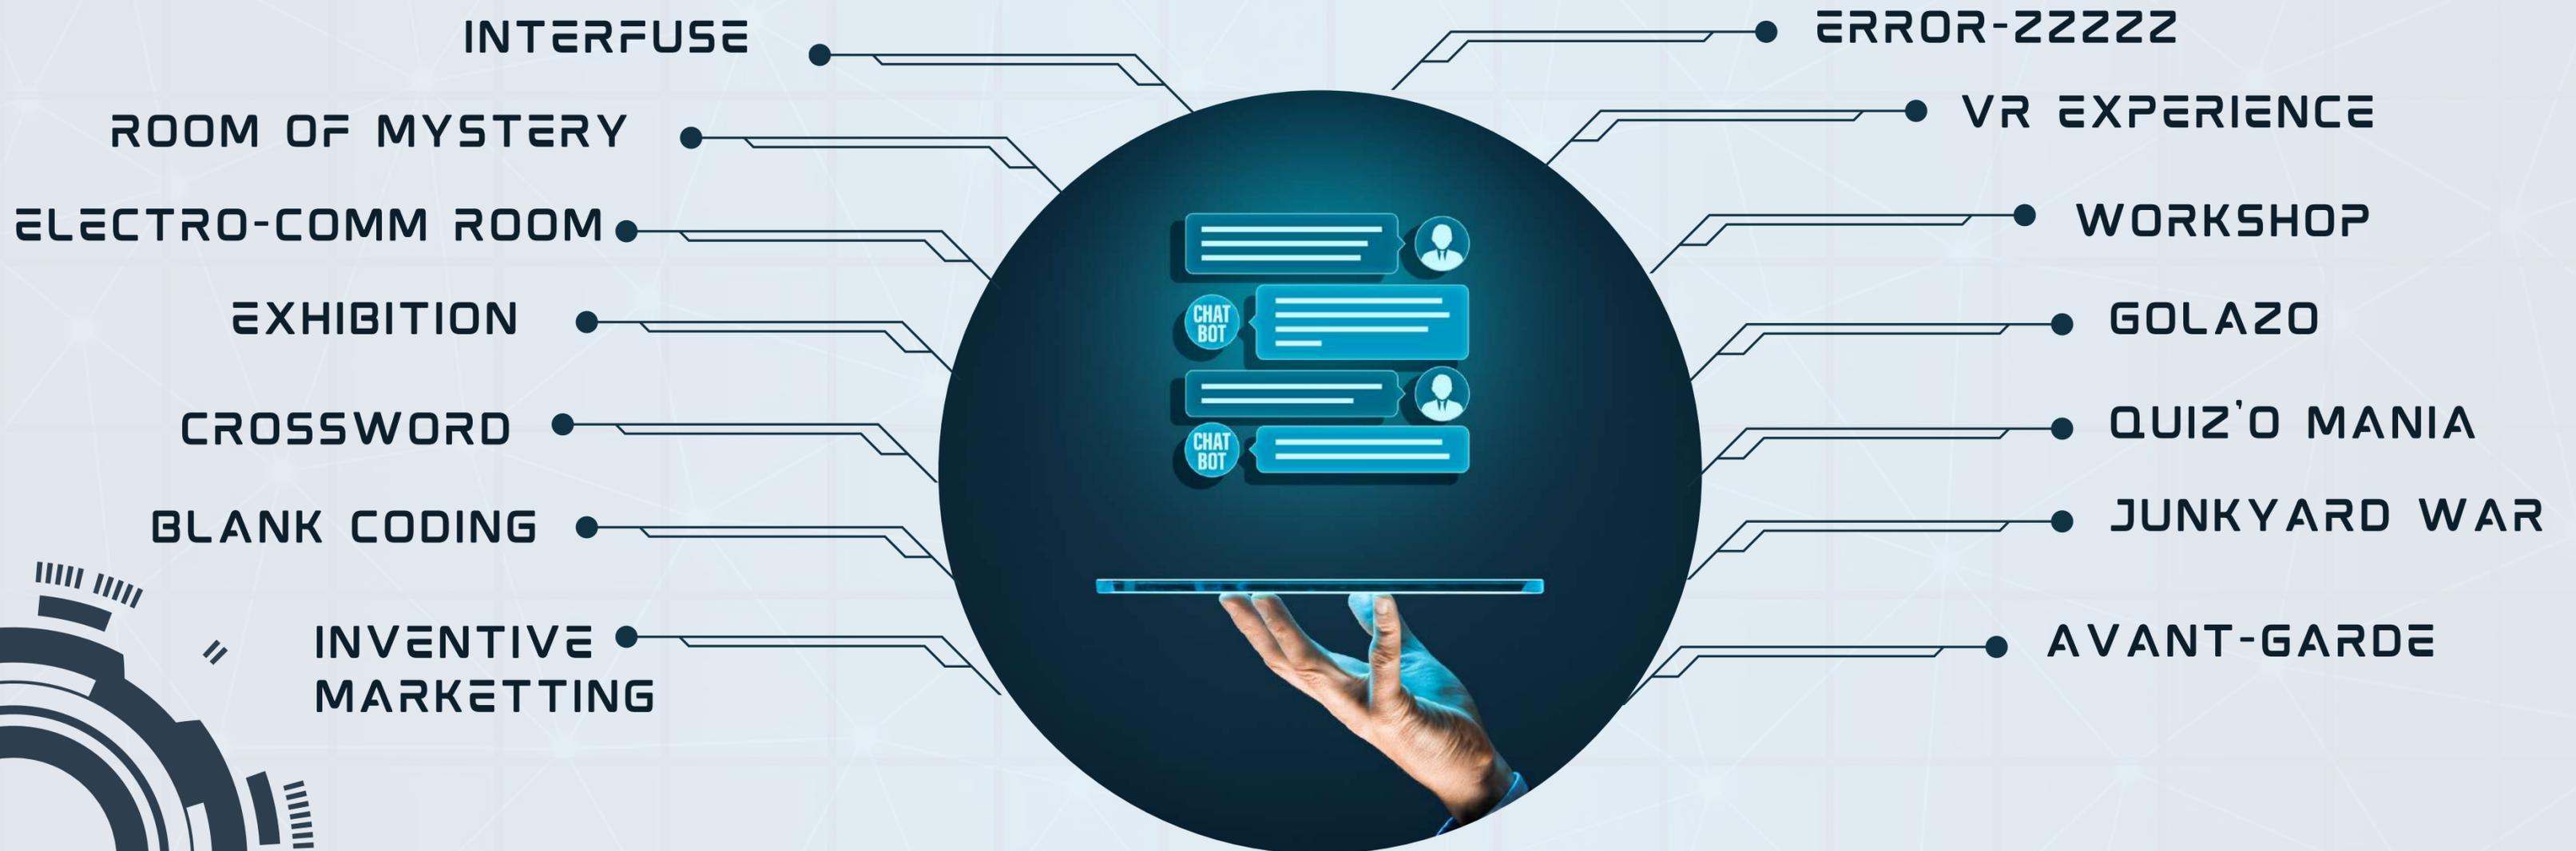

ABOUT US

BODHI'22 is part of the annual intercollege technical fest that comes under TANTRA'22. Electronics and Communication department proudly presents this platform to all enthusiasts out there with the main aim to enlighten bright youth out there and help them flourish in various technical endeavours.

We'd suggest ya'll to buckle up and get ready for the tech world to enlighten you and rope in you geeks for all that we can offer.

WHAT WE OFFER

VR EXPERIENCE

Why shouldn't people be able to teleport wherever they want? so let's teleport into them virtual realities

WORKSHOP

PaceLab joining hands with ECE dept presents a workshop to all interested so let's delve into new fields.

ROOM OF MYSTERY

EXPECTO PATRONUM!
You're in for a ride, literally and figuratively. Into the dark there lies facinating things for the eyes.

EXHIBITION

Presenters have assembled to open your eyes into their works. Ranges from the electronics world to the communication world.

INTERFUSE

Joining metal parts with deep concentration, who all can do it without losing focus? If you can, join in for the fun.

ERROR-ZZZZ

Something is wrong. This ain't the output! Can you fix the bug? Can you debug the circuit?

QUIZ'O MANIA

Click the buzzer immediately if you know the answer, there's no time to lose.

GOLAZO

ECE World Cup invites you, pro football player, to join in, work in teams and hit the goals!!

CROSSWORD

Find the word in the jungle of words. the faster you do it the closer you are to winning.

AVANT-GARDE

Present all that your creative/innovative minds can concoct. Present them to us and lets compete with each innovative minds.

CIRCUIT DESIGNING

Design teams are called out here, creative minds too assemble. Design breadboards, simulation screens, etc.

INVENTIVE MARKETING

Animations, advertising skills, promoting minds put them together and voila! You've got a video presentation to catch the eyes of the sharks

TREASURE HUNT

The online platform makes you go circles with the clues and hints to find the treasure. HUNT HUNT HUNT

JUNKYARD WARS

Assemble the circuits in the given time and boy is the time less. So get fixing and joining,

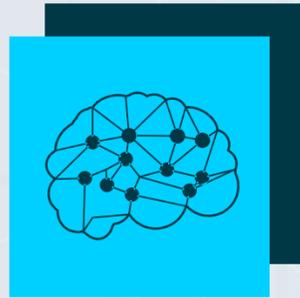

BLANK CODING

In the dark can you code? well that's the game. Typing skills is everything here so lets get it going.
