

Department of CIVIL ENGINEERING

DEPARTMENT NEWS LETTER VOLUME 7, JULY 2014

Civil engineering is the application of physical and scientific principles for solving the problems of society, and its history is intricately linked to advances in understanding of physics and mathematics throughout history. Because civil engineering is a wide ranging profession, including several separate specialized sub-disciplines, its history is linked to knowledge of structures, materials science, geography, geology, soils, hydrology, environment, mechanics and other fields.

The Department was established in 2010 with the inception of the college. The Department boasts of a faculty that specializes in the fields of Structure engineering, Geotechnical engineering, Water resources, Transportation engineering, Construction management, GeoInformatics and Environmental engineering. The labs are fully equipped to enhance the knowledge of the student, periodic field trips and visits to various project sites are arranged. Department offer M.Tech. in Structural Engineering and Construction Management with effect from 2014.

civil Engineering

VISION

Shaping
infrastructure
development with
societal focus

MISSION

Achieve
International
Recognition by:

- Developing Professional Civil Engineers
- Offering Continuing Education

MESSAGE FROM THE HEAD

Our enrollment continues to climb despite increasingly rigorous admissions standards. As a Department, in recent years we have received more applications for an admission into Civil Engineering. As a result, the student body is a remarkable group of exceptionally bright, ambitious, and hardworking students who are hungry for a top-flight engineering education. Our students find a diverse curriculum that emphasizes both traditional and emerging areas of Civil Engineering simultaneously developing experimental, communication, and leadership skills. A major strength of our department is a truly outstanding faculty, many in the early stages of their careers, who have become some of the brightest stars in the Civil Engineering discipline. I hope you will take a few moments to peruse this Newsletter for information on academic programs, faculty research, awards and other recognition received by our students and faculty and news.

Prof. Biju Mathew

From the editorial board

Greetings from Civil engineering department of VJEC and a warm welcome to the seventh edition of the Departmental newsletter. VJEC –Civil Department aims at developing students to understand the impact of the professional Civil Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development. Our calendar of events is already well underway with a few events already held such as Industrial Training , Technical Fest etc.

CONDOLENCE

We staff and Student of Civil Department Vimal Jyothi engineering College, Chemperi are deeply saddened by the news of Mr. Thomas father of Our Prof. Sigi Thomas passing. Our thoughts and prayers are with you and your family.

MAY HIS SOUL REST IN PEACE.

WELCOME

Newly joined staff of our department

ANITHA BABU

ANITA S

ANJANA KV

BHAVYA P

NITHA P A

SHIMNA PAULOSE

JINU T P

Congratulations
Graduate

Your Hardwork we applaud....
May you achieve all your wishes,
With a life of blessings from GOD !!!!

S8CE UNIVERSITY EXAM RESULTS

Pass percentage – 81.03%

TOPPERS

Amrutha Mathew – 77.90%

Ashidha – 77.90%

Shiji Joseph – 76%
