ORIENTATION CLASS FOR THE NEW COMERS

The Department of Applied Electronics & instrumentation conducted orientation classes for the new comers to the department. We had an admission strength of 35 students to the academic year 2015-16. They came to the department on 15th July 2015. That day was a memorable day for the budding engineers. The introductory class on Instrumentation was lectured by Ms. Divya K , Assistant Professor, EIE Dept. Then they had a visit to the department Lab facilities. The senior students considered them as their own & had shared their experience in the college as such. And finally their brain was set to relax by a small gaming event.
