## FROM HOD DESK

Greetings to all...

It gives me immense pleasure to note that another edition of Electrical Gnosys ready for launch. The academic year has begun in right earnest and we are well into business both inside and outside the classrooms. Wholeheartedly I welcome all the fresher students to our campus and wish a very happy and academically fulfilling journey ahead and an outstanding stay in the college.

If we turn the pages of the last two months, several colourful imprints which include many international recognitions are left behind in the history of EEE department which always glorifies the name of our institution. The word of "Thank You" is not enough to express all the staff members and students who have been worked with the department to achieve the mile stones. We, the EEE family are welcoming the new academic year, warmly with great enthusiasm to achieve further goals.

LALY JAMES, HOD, EEE
