ETABS TRAINING

STUDENTS'
PARTICIPATIONS

It gives me immense pleasure to present the forthcoming issue of the departmental newsletter "SRISHTI" as a forerunner of department activities. The department strives to impart knowledge and training of the highest standards. We believe that our students have been well accepted in their job profiles and have consistently exceeded expectations of the dynamic corporate world.

Dr. Biju Mathew
HoD / Civil

I stand awed by the sheer number of contents that have come pouring in for the newsletter. This shows the positive and creative energy of faculty members and students present in the college.

My sincere appreciation goes out for the editorial team for their strenuous and sincere efforts towards putting together the myriad thoughts and dreams of our students and faculties into a meaningful and delightful visual fest. Also I invite the readers of 'Srishti' for their contribution and suggestions for the further issues.

VISION OF THE DEPARTMENT

- ▶ To develop into a center of excellence for quality education moulding competent civil engineering professionals dedicated to the progress and development of humanity

MISSION OF THE DEPARTMENT

- ▶ To provide quality education and training to create competent civil engineer
- ▶ To interact with industries to provide a knowledge base for existing and emerging technologies in the field of civil engineering
- ▶ To inculcate moral and ethical values among the students to mould them as civil engineers with social obligations.

JYOTHIRGAMAYA 2020

The 30th of November 2020 was marked as a memorable day in the life of every fresher at VJEC through Jyothirgamaya 2020 held online through Zoom platform. The Archbishop of Thalassery, Mar George Njaralakkattu graced the occasion as the Chief Guest. The Chairman of the institute, Fr. James Chellankot initially presided over the function and grandly welcomed all the freshers. Our Principal, Dr. Benny Joseph did address general queries of the freshers and their parents.

KTU Sessions:

1. Inauguration and academic regulations: VC, PVC, IQAC Coordinator: Session 1
2. Manish Jain (IITGn): Sessions 2, 8, 11 Creative learning workshop
3. Dr. Debashish Chatterjee: Session 4
4. Dr. Alexander Jacob IPS: Session 5
5. Know your discipline_Panel Discussion: Session 6
6. Dr. Saji Gopinath: Session 13: ABOUT START UP
7. There will be sessions of Dr. Ekbal B and Dr. Arun B. Nair

“Identify your problems but give your power and energy to solutions.”

FAREWELL TO DR. SHIKHA S

In an emotionally surcharged atmosphere online through Google Meet platform, the departmental family bid adieu to Dr. Shikha S, who was infact the most reliable 'go-to' person for all kinds of quests and enquiries, thanks to her 7 years of service in the college. She was that person with infinite potential and active energy in her dutiful service which she kept imparting to whomever she came across. She was well known for her geniality academia.

Department mates personally considered it a great loss but were lucky to have the opportunity to work with her. The farewell moment was just a reminder of her struggle and strenuous efforts put towards the successful achievement of NBA accreditation to the department. The entire team wished the best to raise as many smiles and loyalties there as she did with this institute during her service in the Institute.

Dr. Shika S

Mr. Rudolf Mathews

Qualification:
M.Tech in
Environmental
Engineering

College/University:
NIT, Karnataka

Ms. Athira Rajendran

Qualification:
M.Tech in
Environmental
Engineering

College/University:
NIT, Karnataka

Mr. Peter Jobe

Qualification:
M.Tech in Structural
Engineering

College/University:
NIT, Karnataka

Ms. Aiswarya S

Qualification:
M.Tech in
Geotechnical
Engineering

College/University:
NIT, Karnataka

ETABS TRAINING FOR FINAL YEAR STUDENTS

A training program was organised for the 7th semester civil engineering students on ETABS in association with InterCAD systems private limited. The course covers structural scheming,thumb rules of sizing,quantifying,Loading,Analyses and design of tall buildings.

This programme was structured in such a manner that it correlate what is learnt in colleges to practicality. The training aimed to skill engineers and enable them to be independent in decision making appropriate to their level of experience. In addition to Software that is taught as a tool for analysis,the focus was also on the basics.

Total duration of the training was 12 hours (2 hours per day from 16/11/2020 to 21/11/2020).
